Work History

Tech Advisor

2022 - 2024

ASKKern

At ASKK, I served as the tech advisor, where I set up and managed the technical infrastructure, including websites, email systems, and Google Workspace, ensuring seamless operations and efficient communication.

Tech Support

2024 - Present

JRP's Auto Spa

At JRP's Auto Spa, I established the technical framework by setting up the phone system, creating and managing the website, configuring email accounts, and developing social media profiles. I also implemented a booking system to streamline customer appointments, ensuring a smooth and professional experience for our clients.
